

Megan Dvorkin

Your Social Gathering

"From agency intern to business owner and everything in between, there isn't an experience that hasn't contributed to the social media aficionado that I am today. When I'm not behind the computer you can find me on my phone – Instagramming photos of my cat, sharing photos of recent travels on Facebook and Tweeting about my favorite brands. Basically, social media isn't what I do, it's all I do."
